EC ARTICLE A519: "All horses attending Equestrian Canada sanctioned competitions must have met the requirements of Article A519, Vaccinations. See Rules of Equestrian Canada, Section A, General Regulations, Article A519, Vaccinations."

All horses attending Equestrian Canada sanctioned competitions must have been administered Equine Influenza and Equine Herpes Virus (1 and 4) vaccinations within six (6) months (+21 days grace period) before arrival at the competition. Horses not in compliance with this rule may be asked to leave the event site at the discretion of competition management.

- Horses not in compliance with this rule may be asked to leave the event site at the discretion of competition management.
- The frequency of vaccine administration should be as recommended by the vaccine manufacturer or veterinarian. It is recommended that vaccines be administered by or under the direction of a veterinarian. Competition management requires supporting documentation confirming a horse's compliance with mandatory equine vaccination requirements.
- In the case of a horse that is unable to receive either of the vaccines, a letter must be provided with the entry form from a veterinarian, on official letterhead, stating the equine cannot be vaccinated due to medical concerns. At the discretion of competition management, a log of the horse's temperature prior to arrival at the event site or during the event can be requested.

If administered by a veterinarian, the veterinarian will provide documentation to the Person Responsible. If the veterinarian did not administer the vaccine, the Person Responsible will provide:

- a receipt copy of the vaccine purchase,

- the date administered,
- a signature confirming all information is true and correct.

At the discretion of competition management, a log of the horse's temperature prior to arrival at the event site or during the event can be requested.

## BIOSECURITY RISK

Equine vaccination requirements are outlined and mandatory as specified in the Prize List and on the Entry Form because communicable equine diseases are a serious concern.

- If a horse presents any signs of illness, notify the Show Manager immediately.
- The Show Manager will provide contact information for the Veterinarian on Call as well as local veterinary clinics.
- A designated isolation stall will be allocated should isolation be deemed necessary.

**Ranch Horse Rail Pleasure Classes** – **Horses three years of age or older**. The horse should be well-broke, relaxed, quiet, soft, and cadenced at all gaits. The horse should be ridden on a relatively loose rein with light contact and without requiring undue restraint. The horse should be responsive to the rider and make timely transitions in a smooth and correct manner. The horse should be soft in the bridle and yield to contact. The ideal ranch rail pleasure horse should have a natural head carriage at each gait. In all gaits, movement of the ranch rail pleasure horse should simulate a horse needing to cover long distances, softly and quietly, like that of a working ranch horse. This class should show the horse's ability to work at a forward, working speed while under control by the rider. Light contact should be rewarded, and horse shall not be shown on a full drape of reins. The overall manners and responsiveness of the horse while performing the maneuver requirements and the horse's quality of movement are the primary considerations. This class is intended as a rail class but individuals working off the rail will not be penalized and riders are encouraged to use adequate space given the extension of gaits required.
